

Company Profile

MEWLLER
NIGERIA LIMITED

2025

About Us

Welcome to **Mewller Nigeria Limited**, a distinguished real estate company established in 2019.

Specializing in both residential and commercial real estate development, we excel in virgin development, joint ventures, and Public Private Enterprise projects.

Our commitment lies in delivering projects with a focus on quality, efficiency, and sustainability. With expertise in achieving the finest finishing in both construction and design, we bring a touch of excellence to every endeavor.

Our Services

Based in Lagos, Nigeria, we extend our services nationwide, ensuring a broad reach for our clients.

Beyond development, we offer consultancy services to companies, government entities, and private individuals, providing comprehensive real estate solutions tailored to diverse needs.

Our Projects

Musthy Residence

An Icon of Luxury Elegance and peace of mind

At Phase 1 Lekki, Musthy Residence is a u n i q u e residential masterpiece. This architectural project, which was inspired by a quest to reinvent elegance, Musthy Residence has been meticulously planned, each part being individually optimized and created for maximum liveability. Musthy Residence was created to reflect the subtle mood, easy-going ambience and posh neighbourhood of Phase 1 Lekki

A photograph of a construction site showing a large rectangular area filled with a grid of rusted metal rebar. In the foreground, a worker wearing a white hard hat and a yellow safety vest is visible on the left, looking down at the rebar. Another worker in a grey shirt and shorts stands in the middle ground. The site is surrounded by a concrete wall and some buildings in the background. A green rectangular box with white text is overlaid in the center.

Ongoing Project at 19 Wumego Crescent

Renovation Work at Chevron

The image is a collage of construction-related photographs. The top half shows a multi-story building under construction, with white walls and dark window shutters. Scaffolding is visible on the left side. The bottom half shows a close-up of a concrete block wall on the left and a partially finished wall with a doorway on the right. A central yellow-green rectangular box contains the text "Construction & design at Banana Island".

Construction & design at Banana Island

A photograph of a construction site at sunset. In the foreground, several large, coiled metal cages for piling are visible. In the middle ground, a yellow piling rig is positioned next to a red truck. The background shows a residential area with houses and power lines under a dramatic, cloudy sky with the sun low on the horizon.
